

Sommerhundekjørerskolen 2018

Packing list

We have listed both what we see as necessary to bring, and what is nice to have through the week. More important equipment is underlined. We will be active throughout the week, and the Norwegian weather could vary a lot. Do therefore bring clothes for both warm, cold, dry and wet conditions. There might be a possibility that those who wish would get to sleep outdoors one night. We recommend you to ask friends, your club or Mikal Lillestu at +47 47646953 or mikallillestu@outlook.com if there is anything you will need to borrow. We are happy to help.

Remember to bring personal belongings for both yourself and dog.

This is what you will need for yourself

Bedlinen

Towel

Toiletries

Trainings clothes
